gdmc.nl/3DCadastres/workshop2021

Keynote speaker Nobel
laureate in economics,
Dr. Paul Romer on
3D Spatial Data, the 21st
Century's
Economic Determinant

2021 Conference Chair
Dr. Debra Laefer
New York University

The 3D GeoInfo & 3D Cadastres
combined virtual conference will be the
place in 2021 to promote new solutions,
hear evolving customer needs, and find
highly trained talent.

• 16th year of the conferences

• 500+ anticipated attendees

• 3 days of live sessions with
  rebroadcasting and archiving

Key topics: Urban planning, asset docu-
mentation and management,   infra-
structure modeling, bathymetry, disaster
management, and indoor
mapping.

• 3 peer-reviewed publications: ISPRS
  Annals, ISPRS Archives, 3D FIG Proceed-
  ings

• Full-day of commercial training   ses-
  sions free to participants

• Full-day job fair with information panels
  and live applicant interviews by sponsors

Tiered sponsorship levels provide opportunities to affiliate your organization with keynote speakers, dedicated sessions, and named prizes. Sponsors can host virtual demonstrations, workshops, and exhibition hall booths, as well as screen and interview top job candidates from around the world.
